

REACH Declaration

January 13, 2017

Printed circuit boards, complex assemblies, and semi-conductor packages fabricated by i3 Electronics are considered “Articles” under the European Union Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) legislation and are therefore exempt from registration under REACH. Based upon a review of Safety Data Sheets for substances and preparations typically used in our manufacturing and assembly operations, these articles do not contain “Substances of Very High Concern” (SVHC) exceeding 0.1% and do not require notification under Article 33. i3 Electronics has an ongoing process to identify the potential presence of SVHC in our products and will update this declaration in the future as needed.

Note: We will assist customers who may need to utilize one of the SVHC materials in their particular product(s).
